Health and Safety Policy Statement

1 Policy Statement

UKR Facades Ltd is committed to providing a safe and healthy working environment for all employees, subcontractors, supply chain partners, clients, residents, visitors, and any persons who may be affected by our operations.

As Managing Director, I recognise that effective Health & Safety management is fundamental to the successful delivery of our operations and an essential part of UKR's business culture, operational performance, and long-term growth strategy.

UKR is committed to implementing and maintaining an effective Occupational Health and Safety Management System which supports compliance with the Health and Safety at Work etc. Act 1974, applicable legal requirements, industry standards, client requirements, and the principles of ISO 45001.

2 To Achieve This, UKR Will

- Provide safe systems of work and effective operational controls, including the planning, management, supervision, inspection and control of work at height activities;
- Identify hazards, assess risks, and implement suitable control measures to reduce risk so far as is reasonably practicable;
- Ensure competent personnel are engaged to plan, manage, supervise, and undertake operational activities;
- Provide suitable information, instruction, training, and resources to support workforce competency and continual improvement;
- Promote a positive behavioural safety culture and encourage active workforce consultation and participation;
- Maintain high standards of welfare, housekeeping, and occupational health arrangements across operational activities;
- Ensure plant, equipment, temporary works, and work equipment are suitable, maintained, inspected, and safely used;
- Monitor Health & Safety performance through inspections, audits, engagement, reporting, and continual improvement activities;
- Investigate incidents, near misses, unsafe conditions, and non-conformances to support learning and prevention;
- Support employees who stop work where they reasonably believe activities present serious Health & Safety risks;
- Allocate appropriate resources necessary to achieve UKR Health & Safety objectives and commitments;
- Continually improve Health & Safety performance, standards, and management arrangements throughout the business.

UKR expects all personnel working on its behalf to take reasonable care for their own Health & Safety and that of others, cooperate with company arrangements, and positively contribute towards maintaining safe, professional, and well-managed operational environments.

Health and Safety Policy Statement

This Occupational Health and Safety Policy Statement shall be communicated throughout the organisation, made available to interested parties where appropriate, and reviewed periodically to ensure its continuing suitability, effectiveness, and alignment with UKR operational activities and strategic objectives.
